2010	£931.00
total	£8,412.43

Station accounting records have been analysed back to 1981. The first record of monies collected from the "Ne'er Day Swim" was in 1985. There is no record of any receipt in 1989 - bad weather? The exceptional receipt in 2000 was due to an additional contribution made by Helensburgh Swimming Pool staff, to be credited to the Swim.
